Welcome Sports

Australians love sport. We follow our favourite teams and we enjoy being active. Above all we cherish the idea that sport is for everyone – no matter their age, gender or background. Sport connects communities, providing opportunities for different people to meet, play and share experiences.

Welcome Sports is Brisbane's unique not-for-profit sporting hub – dedicated to giving all members of our community the opportunity to get involved, get active and get connected. Our aim is to build an active and welcoming community through sport.

Welcome Sports Ltd is a joint initiative of the **El Salvador Soccer Club** (ESSC) and **Multicultural Development Australia** (MDA Ltd). Through partnerships and facilities at the Yeronga Sports Precinct, we provide a range of sport and recreation programs, activities and events for Brisbane's diverse communities.
